# JUSTIN DELABARRE

Data Scientist

5 years of experience in Data in a B2B SaaS environment. Specialised in predictive modelling, data pipelines and business analysis on Azure Databricks. Passionate about turning data into operational decisions.

## WORK EXPERIENCE

### Cegid
*Sep. 2020 – Present · 5 years*

Data Analyst / Data Scientist

- Deployed Machine Learning models in production on Azure Databricks (churn, scoring, segmentation) for commercial and marketing teams.
- Built and maintained end-to-end data pipelines (ingestion, transformation, exposure) using PySpark and Delta Lake.
- Delivered business analyses and operational recommendations to business teams — summarised in Power BI dashboards.
- Cross-functional collaboration with Product, Marketing and Sales teams to translate business needs into data solutions.

### Intersport France
*2019 – 2020 · 1 year*

Junior Data Scientist — Apprenticeship

- Conducted customer and product studies: scoring, segmentation, lifecycle analysis — using SAS.
- Collected open data via web scraping and developed predictive models (Machine Learning & Deep Learning) in Python.
- Built data visualisation dashboards on ClicData to monitor product performance.

### French Ministry of Social Affairs and Health
*2018 · 3 months*

Economic Research Analyst — Internship

- Contributed to the PQE report by producing sector-specific thematic briefs.
- Performed statistical analyses on SAS (social and public health data).

## EDUCATION

### Université Paris-Saclay

MSc Innovation, Markets and Data Science

Projects: air traffic prediction and football match outcome forecasting (scikit-learn); S&P500 prediction (TensorFlow / Keras).

*2019 – 2020*

### Paris School of Economics — Université Paris 1

MSc Economic Analysis and Policy — Magistère d'Économie · Honours

Specialisation in Econometrics and Microeconomics. Research dissertation on the economics of sport.

*2016 – 2019*

## SKILLS

### PROGRAMMING

Python · SQL · PySpark

### ENVIRONMENTS & MLOPS

Azure Databricks · Apache Spark · Delta Lake · MLflow · Git

### DATA SCIENCE & ML

pandas · scikit-learn · TensorFlow · Keras

### VISUALISATION

Power BI · Tableau

### CRM

Salesforce · HubSpot

## LANGUAGES

| | |
|---|---|
| French | *Native* |
| English | *Professional — C1* |
| German | *Basic — A2* |

## INTERESTS

### COMMUNITY

Vice-president and Sports Officer — Synapse (PSE). Organised tournaments and yoga

sessions.

### TENNIS

Professional coaching certificate (2014).
Coached young players (ages 4–18), 60h.
Ranking: 30.

### CHESS

ELO rating: 1500.
